

Hello teachers!

With a huge number of iPads making their way into the classroom this week, I thought it would be a good idea to begin sharing some ideas on how you can utilize this powerful tool in your classroom with your students. For the next few weeks, I will share resources, suggested apps, and troubleshooting ideas that I hope you find beneficial. We plan to have an “iPad Demo Slam” on January 13. There you will get to see teachers sharing their favorite app and how they use it to enhance the teaching in their classroom. If you have any questions about your iPad, or would like me to stop by your classroom for a one-on-one session, please let me know.

Have a favorite iPad app you use in the classroom? Let me know and it may be one of our spotlight apps in upcoming newsletters!

Would you like to observe a classroom teacher using their iPad? Would you like to plan a lesson together to co-teach? E-mail me and we can make it happen!
